Austin H Tuitt introduces Julius W Garvey MD

Hoisting the Peoples Flag

HOSTED BY THE GLOBAL CARIBBEAN REPRESENTATION

The Global Caribbean Representation (GCR) emerges from the threads of humanity that weave a Caribbean cultural fabric from many humans living generations in Caribbean countries after forceful removal from their motherlands, frequently in shackles. The original conquerors left behind multi-ethnic Caribbean countries with populations yearning to reconnect with their roots.

The GCR is a path for humans seeking dignity through restored connections to their noble ancestral legacies. This path is an all-inclusive work-in-progress rallying humans wanting global harmony.

THE RALLY

GCR recognizes that global harmony can only come from the grassroots up. In essence, global harmony emerges from the arts or creative energy that gives rise and relevance to all our scientific discoveries. Holding fast to this truth, the historic Caribbean Peoples Flag is crafted as a perpetual emblem of

rally for fairness and equality which mark peace and fosters global accord. Markedly so! It justifies the inscription that inspires this flag's continuous hovering in a resonant call for open inclusion with its stirring affirmation: "By our peoples' will - from grassroots up!"

PERPETUAL HONOR TO MOTHERHOOD

Answering the call for Gender Accord, with the support of 6 astute and caring women, on 26 June 1986, I inaugurated the Caribbean Women Social and Cultural Association of America (CWSCAA) at the United Nations Headquarters in New York. By the ideology of a unified Caribbean People generically fitted for global stewardship, CWSCAA was impregnated to give birth. On 13 May 2006, 20 years later, in Perpetual Honor to Motherhood, delivery was made when the flag was born.

CARIBBEAN PEOPLES RALLY (CPR) DAY

Throughout human existence, the need for empowerment, from grassroots up, has never been more critical. By the inaugural hoisting of our historic Caribbean Peoples Flag, on the first Sunday of May 2009, we instituted a Caribbean Peoples Rally by resuscitating invaluable ancestral legacies.

Releasing the limitless rallying energy stored in our Legacy Heritage Appreciation (LHA), Julius W. Garvey MD, son of Marcus Mosiah Garvey, hoisted the only Peoples Flag in Perpetual Honor to Motherhood in 03 May 2009.
